The Swiss School – Deutschsprachige Schule Bangkok (DsSB) is unique in that it offers a multifaceted learning experience based on the Swiss and German educational systems. Students enjoy the exceptional standards of Swiss and German education and benefit from the truly multicultural and multilingual experience of an international school. The language of instruction is German, with English and Thai introduced in the nursery, French in Grade 6, Latin in Grade 9 and Spanish in Grade 11. The school is open to children of any nationality, from ages 18 months to 18 years, starting with nursery, kindergarten, primary and then secondary school, leading to the bilingual (English-German) Swiss Matura Diploma at the end of Grade 12.

The Swiss Matura Diploma is recognized by universities worldwide, as well as by the Thai Ministry of Education. Swiss School Bangkok is the only school in Asia that assures graduates the benefit of automatic admission to all universities and hotel management schools in Switzerland.

Established in 1963, the Swiss School – Deutschsprachige Schule Bangkok is an officially recognized private Swiss School located abroad. The curriculum is accredited by Switzerland and Germany, is financially subsidized by Switzerland, and is supported by officially sponsored teachers from Germany.

In 1984, the Swiss School joined the campus with Ruamrudee International School (RIS). It is located in a spacious compound in the northeastern suburbs of Bangkok in a green and healthy environment. The modern school building is fully equipped and surrounded by sports facilities.
